THE AMERICAN NUMISMATIC ~~AND ARCHÆOLOGICAL~~ SOCIETY

~~1271 BROADWAY~~
NEW YORK

ORGANIZED 1858.
INCORPORATED 1885.

ARCHER M. HUNTINGTON, PRESIDENT.
DANIEL PARISH, JR., ~~RICHARD HOE LAWRENCE,~~ VICE PRESIDENTS.
BAUMAN LOWE BELDEN, REC. SECRETARY.
HENRY RUSSELL DROWNE, COR. SECRETARY.
CHARLES PRYER, TREASURER.
~~S. WHITNEY DUNCOMB, JR.~~ LIBRARIAN.
WILLIAM POILLON, CURATOR.

The science of Numismatics treats of coins and medals of the present as well as of the past, and it is important that the facts relating to all medals be recorded at the time the medals are issued; if neglected they are likely to be forgotten, aud thus much valuable numismatic history may be lost. The medals last for all time, every medal has a history, and this, too, should be preserved.

The American Numismatic ~~and Archæological~~ Society is keeping such a record of American Medals, and earnestly desires to obtain information regarding any medal that may be issued in the United States, no matter how insignificant the medal or how meager the information.

The points to be covered in a full account of a medal are:

1. Description—explaining every part of the design, and giving the inscriptions in full and exact size.

2. State if the medal is pierced for suspension or provided with any attachment for that purpose, and, if so, if any are issued unpierced or without the attachment, and the number so issued.

3. In what metals issued and number struck ~~(or cast)~~ in each.

4. By whom issued, when, and for what purpose.

5. Name of designer and of die-cutter.

6. What disposition has been made of the dies.

7. Any facts of interest, historical or otherwise.

The Society is an incorporated body, its collections are permanent, Every American coin and medal should be represented in its cabinet and, so, accessible to students of American numismatics and ~~American~~ history now and for all time.

With this end in view it would request the co-operation of all who take any interest in the preservation of historical records.

Dear Sirs:-

I return a proof of the circular herewith, and as there are a considerable number of corrections, I would be glad if you would have that made and send me a revised proof as soon as possible. It is my intention to have the circular printed on a double sheet; the printed matter to go on the first and second pages and the half-tone cut of the medal on the third page. We will, therefore, have to use a paper that is sufficiently high finished to take a good impression of the cut. I think it will probably have to be a little higher finished than the paper on which the sample circular is printed. I wish you would select a sample of the paper, that you think will answer the purpose, and print on it an impression of the cut and send it up to me with the proof so that I can see how the cut will look on the finished circular. I would be glad if you would send me three copies of this revised proof also three copies of the cut, and let me have them by Saturday without fail.

The face of the goddess has a thoughtful expression, almost stern, yet wonderfully attractive in its quiet dignity. Legend, CONGRES INTERN. DE NUM. ET D'ART DE LA MED. BRUXELLES 1910. The Artist's name, BOSSELT, in very small letters, appears at the right at the end of the crest, near the circle which separates the legend from the device. Rudolf Bosselt is a resident of Dusseldorf, and a zealous advocate of the doctrine that the artist should engrave his design directly upon the steel.

The American Numismatic Society had one hundred of these medals struck in silver and two hundred in bronze, and its members are hereby invited to subscribe for one or more of these medals at the price of ten dollars each for those in silver and five dollars each for those in bronze.

The allotment of the medals will be made in the order of the subscription therefor, to the extent above mentioned.

Subscriptions, with remittances and instructions for delivery, should be sent to Mr. Bauman L. Belden, Director of The American Numismatic Society, West 156th Street, New York City.

To the Members of
The American Numismatic Society:

In commemoration of the International Numismatic Congress, which was held in Brussels in the summer of 1910, and in honor of Monsieur Ernest Babelon, who acted as President of the Congress, a medal has been struck under the joint auspices of the Société hollandaise-belge des amis de la médaille d'art and The American Numismatic Society.

The obverse bears a portrait of Monsieur Babelon, a clothed bust in profile, to left, with the legend ERNEST BABELON DE L'INSTITUT; it is an excellent likeness. The Artist's name, G. DEVREESE, and date, 1910, are on the field behind the head. This die was executed by the reducing machine from a plaque by Monsieur Godefroid Devreese.

The reverse has a head of Athene, in profile to left, wearing a helmet with a large ornate crest; her hair falls

BULLETIN No. 4

At the regular meeting held November 18, 1912.

REPORT OF THE COUNCIL

FUND FOR COLLECTIONS

As reported at the April meeting Mr. Samuel P. Avery has offered to be one of four contributors, of twenty five hundred dollars each, to a fund of ten thousand dollars, the interest of which shall be used for the increase of the Society's collections. Mr. Archer M. Huntington and Mr. J. Sanford Saltus have agreed to contribute to this fund, leaving but one contributor of twenty five hundred dollars to be obtained. As this proposition is only open until the first of the year, it is to be hoped that the full amount will be made up prior to that date.

MEMBERS ELECTED

The Council would report that since the last meeting of the Society the following new members have been elected:-

Honorary Member, His Majesty Albert I, King of the Belgians. Corresponding Member, The Numismatic Society of Dresden. Associate Members, The Joseph C. Mitchelson Collection at the Connecticut State Library, Hartford, Connecticut. Dr. J. Livingston R. Morgan, New York. Mrs. Francis Bolt-Wheeler, New York. Rev. Hugh W. White, Yencheng, China.

DEATHS

The Society has lost by death the following members:-

September 7, A. Loudon Snowden, Honorary Member, Elected March 18, 1879.
" 22, Ferdinand Hermann, Life Member, Elected January 18, 1898.
October 6, Andrew G. Agnew, Life Member, Elected December 21, 1908.
" 8, Morris Loeb, Life Member, Elected November 17, 1909.
November 13, John T. Willets, Life Member, Elected May 15, 1888.

REPORT OF THE DIRECTOR

ACCESSIONS TO THE LIBRARY

Eighty four books, thirty two pamphlets, three hundred and twenty four periodicals, one hundred and twenty seven catalogues and an autograph letter of Gerard van Loon, dated March 5, 1736.

ACCESSIONS TO THE COLLECTIONS

Seventy one coins and tokens, one hundred and seventy five medals, plaques &c, twenty two decorations, nine plaster casts and seven hubs and dies.

LOANS

The Rev. Hugh W. White, who is connected with the American Presbyterian Mission at Yencheng, China, has deposited his collection of coins here as a loan, which he states will probably be for several years and possibly permanent. This Collection contains something over one thousand specimens, and is largely made up of modern coins of China and neighboring countries.

The Ro Collection of Ancient Chinese coins is still on exhibition in our cases, the owner having kindly allowed it to remain for a much longer period than at first intended. This is one of the largest collections of its kind in existance, and it is to be hoped that some

way may be found to retain it permanently.

ATTENDANCE

The number of visitors to the building has been as follows:- April, seven hundred and forty three, May, five hundred and twenty nine, June, two hundred and eighty two, July, two hundred and forty five, August five hundred and twenty three, September, five hundred and six, October, five hundred and sixty four.

DISCUSSION AND EXHIBITION

The Chairman, Mr. Browne, announced the subject at the meeting, Informal discussion and exhibition of the Seige and Necessity Coins.

Mr. Albert R. Frey read a short paper on the gold coin of Poland, issued during the insurrection of 1831. The gold, silver and copper coins struck at Barcelona, 1808 to 1814. The two real piece of San Salvador, 1821 and the "Hobby Horse Ducat" of Nuremburg, 1850.

Mr. Edward T. Newell gave a brief history of the coins struck duri during the seige of Jerusalem, A.D. 69 and 70.

Mr. S. Hudson Chapman spoke of the Gun Money of James II and other necessity coins of Ireland.

Rev. Dr. James B. Nies described some interesting notes issued by General Charles George Gordon — "Chinese Gordon" — during the siege of Khartoum, ~~dated~~ in 1884.

Remarks were also made by Mr. A. H. Cooper-Prichard and Henry Russell Browne.

Exhibitions of seige and necessity money were made by Messrs. Frey, Newell, Chapman and Behrson, and from the Society's collection.

ANNOUNCEMENTS

EXHIBITIONS

An exhibition of medals, plaques and drawings by Signor Giovanni Cariati will be held here in December. Signor Cariati has recently taken up his residence in New York, and, while he is well known in Italy and Paris, this is the first time that any number of his works have been exhibited in this country.

An exhibition of medals and other objects relating to Joan of Arc is planned for January next. The Society has over two hundred medals of Joan of Arc which have never been exhibited, and many photographs, books and other objects have been promised, which will, no doubt, make this a most interesting exhibition. Contributions, especially of medals, will be very welcome.

MEETINGS

The next regular meeting of the Society will be held on Monday evening, December 18th, 1912.

The building of the Society will be open for the convenience of members and their friends on Monday evening, December 2nd. The building is open to the public from 10 A. M. to 5 P. M. daily. On Sundays from 1 to 5 P. M.

Inclosed find samples of 8 and 10 ply cards - you will notice the better assortment of colors in the 10 ply - same to be cut from wide 7/8" and 1 1/2"

In cutting from the wide I should say they may run a little over 500 so as not to have any worries I think the 10 ply board 1 1/2 in would cost around 3.75 and the 7/8 in 3.[illegible] and you could figure about fifty cents less on each size if you took the 8 ply

Dear Sirs:-

Have you still in your possession the original drawing of our seal ? It should be a pen and ink sketch like the seal at the head of this paper.

We quote a letter written to you on August 20, 1909:-

"I return the proof of cut, please make four electrotypes, keep one, send one to Mr. Edward J. Deitsch, 14 East 17th Street, New York, and send the remaining two to me here, hurry them as much as possible."

This letter was sent you at the time the new seal was adopted, and as we have no record of your having returned the sketch, it would seem to us as if you still retain it.

Very truly yours,

Curator.
